Damage by Celebrators.
What to all appearances was a quiet Fourth turned out to be a rather noisy one for about twenty young men who were summoned to testify before Grand Juror King and Officer Bliven regarding their tactics Sunday night and early Monday morning. In almost every case the youngsters admitted that all his part in the affair consisted of was firing off his revolver but that he knew someone did do damage and naming another boy, he on being questioned told about the same story as his predecessor.

During the night several parties of young men were about the village. One party stayed on the hill and while they enjoyed themselves they did no

damage to anyone's property. Other gangs invaded the mill village, turning lawn swings wrong side up, pulling flower plants out and tipping over the garbage receptacles. It was on these charges that complaints were made to the authorities. What further action will be taken will not be known until Saturday.

Miss Lillian Marshall has returned from Ocean Beach, where she has been spending a few days with girl friends from Danielson.

BRITISH SUBMARINE

IN THE BALTIC.
Petrograd Says This Was What Torpedoed German Battleship.

London, July 8.—The British admiralty tonight stated that it was officially announced at Petrograd today that the submarine which made a successful attack on a German warship on July 23 in the Baltic was a British boat.

The statement of the British admiralty contained the first public announcement intimating that British submarines were operating in the Baltic sea. It is presumed that the undersea boat passed through the Cattegat from the North sea to the Baltic and then traveled eastward for 200 miles, as the Bay of Danzig, where the warship was attacked, lies in the southeastern part of that body of water. The distance from the English port to Danzig is about 900 miles.

The Russian communication announcing that a German warship had been sunk by a submarine said that the battleship, which was of the Deutschland type, was steaming at the head of a German squadron at the entrance to Danzig bay, July 2, when she was blown up by two torpedoes fired by a submarine.

Thursday Afternoon—Wife Critically Ill—Encampment
Orders—Chief Brown Shoots a Fox.

Thus far there has been fifty-one severe cases of ptomaine poisoning at Westerly and vicinity, directly attributed to restaurant pies. There are perhaps as many more of a mild form that did not require medical attendance. The names of 48 patients were reported in Thursday's Bulletin. Since then these names have been announced. Hardly had Timothy J. Sullivan been buried, when the second death occurred at 1:30 Thursday afternoon. Francis T. Brightman died at his home on the Stonington road. With Mrs. Brightman, he attended service in the First Baptist church Sunday morning and they took dinner at the Gavit restaurant, with pie as dessert. Both were taken violently ill at their home last night. Brightman is in a precarious condition and with very slight chance of recovery.

He was employed as stationary engineer and served with the old Westerly waterworks for many years. He was engaged in watch and clock repairing. No Foundation For Rumored Real Estate Sale—Odd Fellows' Installation—Officers of Hook and Ladder Company.

There has been report that a Worcester real estate syndicate had purchased the tract of land in West River bridge, the site of the Pawcatuck Star theatre and mill building and was to erect thereon a business block. The building was to be of steel and concrete construction, three stories, colored brick, to be four stories in height to have eight stories, a moving picture theatre, an assembly hall and business offices—a real big city building in the village of Pawcatuck.

This may be all true and the people hope it is. Usually when a purchase of this magnitude is made there is some advance inquiry as to boundary and title, if not to actual ownership. The town clerk, H. H. Hinchley, in reply to the statement that no such sale is known in the town clerk's office, where the transfer of such property is recorded, and there has been no inquiry concerning the boundary title or ownership, or in any other matter pertaining to the property.

How Stephen D. Dunham Came to Be Shot by Orrin C. Smith—Death of Leonard D. Gibson—Community Celebration a Success.

Friends of Orrin C. Smith and Stephen Dwight Dunham were shocked Tuesday morning to hear of the accident in which the latter lost his life. While setting a trap for woodchucks in an old cellar hole out in the lot, Dunham was shot and instantly killed by Smith.

Smith had been out on the farm with his rifle looking for woodchucks during Monday afternoon, and while he was absent Dunham decided to set the woodchuck trap. He went into the cellar hole, his head being just visible above the wall. As Mr. Smith entered along home after being out all the afternoon, he saw something move on the wall of the cellar. Mr. Dunham was looking for a trap and instead of a woodchuck he had killed his friend.

Mr. Dunham and Mr. Smith had been together in the trap and the fatality happened, for several years. Smith has been overcome with grief since the shooting.

The deceased is survived by one brother whose home is in Brimfield, Mass.

Community Fourth a Success.

Stafford's community Fourth worked out so well that there is already talk of a similar programme on a larger scale next year. The rain after all proved an advantage, as it was necessary to keep things moving every minute in order to run off all the events in the afternoon. There were no waits between events to speak of, and this was pleasing to the large crowd who attended. Then, too, the heavy rain of the forenoon helped to decrease the danger of fire. There were no accidents of any account to mar the pleasure of the day and when the programme was ended at 9:30 p. m. everyone was glad that the idea of a community Fourth had been conceived and so well carried out. The committees for their successful efforts.
